HICKMAN, FULTON COUNTY, KENTUCKY, FRIDAY, MARCH 13, 1908.

WHOLE NO. 3210
ESTABLISHED IN THE YEAR 1899

COLLEGE men are said to be the smartest,
most critical dressers and that's one reason why

Hart Shaffner & Marx
clothes are so very popular in
college towns. These clothes
are made for college men on-
ly; if you never went to col-
lege, that's no reason why you
can't dress in style.

We're ready to show you
or any other man the best
clothes ever seen in this town;
they're Hart Shaffner & Marx
clothes; all-wool fabric, per-
fectly tailored, accurate in
style, correct in fit.

Best money's worth of clothes
you ever saw. We can show
you suits in many styles at
\$18.50, \$20, \$22.50, \$25.00.

Suits such as the young
men will like, "Perfection"
make at \$12.50 \$15 and \$18.

wherein to feed them. We pray
there, therefore, to sell us from that
which thus has. Then all the
wise men with their eyes and say
unto them, "Behold, we have
but little, and there is no more in
the land. If we sell to thee that
which we have, behold our own
children want therefore we must
double the price yet again. Then
did the people bring loads of silver
and silver vessels of gold brought
they and threw them down at
the wise men, and behold their
warehouses were emptied quickly,
and great loads of shekels had
they, even mountains high.

And behold many generations
passed away and the farmer wasteth
rich while the wise man wasteth
poor. Then doth the farmer hump
himself and hustle. Yea, verily,
even deeper doth he plow the
ground, and his wife and children
geth forth with him to labor in
the field. From daylight even into

darkness did they labor like cattle.
Yea verily, even as mules worked
they to raise more crops that they
might thus have more money to pay
their mortgages.

Then doth the wise men in the
cities smile a large smile. Yea,
from one neighbor to the other smil-
eth he. And he winketh the other,
and sayeth the one unto the other,
"Behold what good cattle to work
for us the mules have. Surely
he saith twice as much this year
as he did the last. Therefore we
will pay him one-half as much for
his produce."

And eyes so they did.
And the farmer man began to
smile a place to be delivered from
the great wise men, and he organ-
ized himself Union to deliver him-
self out of bondage. Yea verily, as
Moses delivered the children out of
the hands of the Egyptians, even so
did they. And the farmer man get-
teth out of the hands of his enemies.

And the name of these great
Unions were the A. S. of E. and F.
S. of E. and were organized in the
great state of Texas. And these
great orders began to spread over
several states, and they publish a
great paper and the farmer man be-
gun to read the things therein.
And behold their eyes were opened
and they did say one unto the other,
"Behold, what manner of things are
these which the wise men have done
unto us."

And it came to pass that great
multitudes of farmers began to as-
semble throughout the land. Even
to the habitation of every farmer
man went this great organization.
And they did say one unto the other,
"Hast thou joined the Union? Go
to, I pray thee, let us hold our
products for a better price, for behold,
as we have been selling heretofore
the wise man getteth all the dough
and what getteth the farmer? Yea,
verily the farmer getteth it in the
neck."

And it came to pass that the farmer
holleth his crops for the better
price. Yea, even all the products
if the soil holdeth her, and of
his flocks and herds selteeth he not
one noof.

And it came to pass that when the
wise man goeth forth again to buy
cheaply they sorrow wearily by the
wayside. For behold, the farmer
man putteth his finger on his nose
and selteeth him not. Then did the
wise man rave and tear their hair.
Yea verily, they did howl and kick
with a great voice, but it availeth
them naught.

And in time the great warehouses
of the wise men became empty and
the people did clamor for food.
Then did the farmers throughout the
land fix their just and equitable
prices on all they had to sell, and he
sendeth to market each day just so
much thereof as bringeth his price,
and no more. And behold, before
another harvest time cometh all that
he hath is sold at his own price, and
he reapeth a rich reward for all his
labor. And behold the wise man
sitteth drinketh his whiskey, but the
wine and the 50-cent cigar cutteth
he out.

Verily, verily I say unto you, the
farmer man was no chump Selah!

Tickling or dry Coughs will quick-
ly loosen when using Dr. Shoop's
Cough Cure. And it is so thor-
oughly harmless, that Dr. Shoop tells
mothers to use nothing else, even
for very young babies. The whole-
some green leaves and tender stems
of a long leaved mountainous shrub
give the curative properties to Dr.
Shoop's Cough Cure. It calms the
cough, and heals the sensitive bron-
chial membranes. No opium, no
chloroform, nothing harsh used to
injure or suppress. Demand Dr.
Shoop's. Take no other. Sold by
all Dealers.

The average house wife will soon
begin to make life a burden to the
other inmates of the household. She
will tie a rag around her head and
wade into the dirt in a way that will
make your head swim. She will tear
up the carpets, empty the cupboards,
look sour when you show up for din-
ner and slam the door and hang things
around to a queen's taste, and if
you don't like it take your meals up-
town. Spring time is a very unhap-
py event when house cleaning is on.

HORSE THIEVES CAUGHT NEAR TOWN.

Will Evans and Jim Thomas,
wanted in Graves county and Fulton
county for horse stealing, were cap-
tured in the bottom last Thursday
by Deputy Sheriff Golder Johnson,
and are now in the County jail at
this place where they will await the
action of the next Circuit Court.
The young men were found at the
home of Fred and Ed Evans, to
whom Will claims to be related.

In Graves county they stole a
horse and traded him off at Murry,
then sold the animal for which they
traded. Coming to Fulton Monday,
they proceeded to steal a horse and
buggy from Jim Williams. When
caught they had both horse and
buggy in their possession, but the
buggy top had been torn off so that
the vehicle would not be recognized.
Of course, Williams recovered what
was left of his turnout.

The prisoners are mere boys—one
about 19, the other 24 years of age.
Both started early in their criminal
career. Evans has served one term
in penitentiary for the same offense
for which he again must answer.
Thomas was sent to the reform
school for house-braking, but escap-
ed after being there three months.

Question—What is a Night Rider?
Answer—A Night Rider is a good
citizen, who for years has been rob-
bing of his honest sweat and toil by
the heartless tobacco trust. He has
submitted to this robbery patiently
until the wolf of want is now staring
his wife and children in the face, and
his laws of our country have failed to
furnish him relief, and order to
keep starvation from his family, he
has taken the law into his own hands
and is endeavoring to prevent the
tobacco trust from further robbing
him.

A certain young man is trying a
very expensive scheme in order
that he may get to go up in the city
at nights. His wife objects to him
going except when he attends lodge
meetings, and now he says he is go-
ing to join all of the lodges so that
he will have a chance to go more of-
ten.

SO SAD!

A noble stout his cutie,
Did sit with her, his cutie,
And straying near a cliff, fell off.
To quite abruptly die.

When his remains they gathered up,
His friends did all abide
By the sad verdict that it was
A case of homicide.

And now they gaze with silent awe
Upon the deep, deep C. And
And mourn the loss of him who died
Of in his brief C.

Jas. Summers Killed.

Charles Stroud, living about 10
miles northeast of Hickman, killed
James Summers Tuesday by shoot-
ing him three times, each shot tak-
ing effect. The trouble leading up
to the killing was over a fence and
a claim that Stroud had agreed to
build and dig for Summers.

Stroud had put it off longer than
Summers was willing for him to do,
owing to the ground being full of
water and too wet. This enraged
Summers and he had made divers
threats against Stroud, and went to
the home of Stroud several times,
when Stroud had asked him to stay
away, and had gone so far as to
claim to Union City, Monday to
sweat out a peace warrant, but was
talked out of that notion.

Tuesday morning Summers went
again to the home of Stroud, and
was about the barn, apparently
waiting for Stroud to come out, but
Stroud did not go out. He then left,
but later on he returned and went
into the house of Stroud, where they
had a few words. Summers put his
hand into his bosom, as if attempt-
ing to draw some weapon, when
Stroud asked him to remove his
hand. He failed to do this, and
Stroud at once pulled his pistol and
fired, the three shots resulting in the
death of Summers.

Stroud went to Union City and
gave himself up to the sheriff, and
is now in jail to await his prelimi-
nary trial.

senate Monday. The purpose of
the bill is to give more time to Ful-
ton county, which will involve the
changing of the time of holding
court in other counties of the dis-
trict.

Must Move Fences.

Capt. Conner, U. S. engineer, has
noted a number of people who
have fences on the government
levees to move them not later than
May 10th.

Following is an extract from a
letter received by S. L. Dodds:
"While I have no desire to prose-
cute you for this violation of the law
the fences must be moved. No
proceedings will be begun if you
will promptly remove all fences, and
other obstructions, for which you
are responsible, from the levee and
the levee right of way. You are
heretofore notified, however, that un-
less these fences are moved by May
10th, criminal proceedings will be
instituted against you in the United
States Court. For your guidance in
building fences parallel to the levee
of the levee will not be permitted
nearer than five feet to the toe of
the levee slope; on the river side
the fence will be constructed back of
the pits, that is, along the edge of
the pit farthest from the levee.
The same applies to the landside
when the pits are on landside."

While these fences are being
moved, we believe it would be a
good plan to move them far enough
back to allow a good, wide road. It
not only gives you a road that will
be serviceable during high water, but
will be a benefit to the levee. Such
a road, properly ditched opposite
the levee slope, would be an im-
provement of some permanency and
a thing much needed in most
sections of country where a levee is
needed.

Now, why not?

Will Run Again.

Joseph A. Noonan, better known
as "Uncle Joe," who when his pres-
ent term expires will have served us
as auditor for 15 years, announces
this week as a candidate for re-elec-
tion to that office. It is hardly
necessary to say that "Uncle Joe"
has made us a splendid official—
everybody knows it. If he were
not a capable, popular man, he
would not be re-elected to this office
again and again, and says that if he
is again made jailer there will be no
change in the "administration."
That's true. Mr. Noonan has one
way of doing things—the right way
—and there is no probability of his
changing his tactics. If he has
merited it, he asks your support,
and we believe he has.

Tribute to Mrs. Bryant Cox.

"There is no death!" A sacred form
A solemn hymn with solemn words
It says our best loved things are
And there we see them
When the heavenly Father has willed
to remove from us, Mrs. Bryant Cox,
We, the members of the literary troupe
will ever hold in loving remembrance, that
it was she that suggested the organization
be made and served as the first president.
Resolute of character, soundness of
judgment associated with the most gentle
winning manners, guided by highly mis-
sionary Christian principles, rendered her
personality fitted to lead in all good works.
Nurtured on our circle and ever
each individual heart, for under the shadow
of the separation it is hard to realize that
to the "Heavenly Father" there is no death."
And ever ours, though across the
great divide.

To the husband, sister, brother and other
sympathies, we extend our deepest
sympathies. May her influence ever live
with them.

To The Public.

Every since we have owned land
fronting the Mississippi River on
which there has been a public road
running along the bank, we have
had to give back from 30 to 100 feet
each year, on account of the river
bank caving in. Every year we
have had to move our fence back,
last year had to move it three times,
which is a heavy expense to us
having at one time lost the entire
fence, being caved into the river.

This is to give notice that we will
not any longer give for a road along
the river, and we expect to connect
our fences and cross fences to the
river, thereby saving having to build
a new fence along the river bank
every year.

However we are perfectly willing
to arrange for a road along the South
side of the levee, through our lands
that will be permanent, can be
traveled during the high waters and
permanent work can be made on it
for a good road.

We have just received notice from
the government notifying us that we
must turn the levee on the outside,
thereby causing us to build a fence
on each side, and we think now is
the time for every one interested
both in the lower bottoms and Hick-
man, to take steps to procure a good
road behind the levee, something
that we have never had in the lower
bottoms before.

R. A. Tyler Buys Fine Horse.

Again the harness horse interest of Western Kentucky and Tennessee has been greatly benefited by the recent purchase, by Mr. R. A. Tyler, proprietor of Oakwood Stock Farm.

The great race horse and trotting sire San Mateo, No. 2153, four year old, sired 2 (11) 1, gained 14 pounds, and had fought battle of a his last race, there were many near parts always being the best or among the best, proving himself to be a game, consistent, race horse among the best his day afforded. And it is said by those who are reliable and knew him well during his racing career, that had he been at all well driven that his record would have been 2:10 or better.

San Mateo is the great Simms, record 2:13, one of the best sons of the immortal George Willams was the sire of 3 with records better than 2:09 1/2 and 12 others with records better than 2:30. His dam, Miss Jane (also dam of Rosa Wiley 184) daughter of Mambrino Pasture, one of the greatest brood mares ever, having in his 25 sons and daughters with records better than 2:30, and sire of the dam of 4 with records from 2:30 to 2:40, and 140 others with records from 2:11 to 2:31.

San Mateo dam Monrovia record 2:26 1/2, also dam of Cassius 2:09 1/4, and Samsack two years old, record 2:18. She was by Sullivan, record 2:30 or better. Sire of the dam of 44 in 2:30 (including Nico 2:08 and the others with records better than 2:12).

Sultan, by The Moor, sire of the greatest brood mare, Beautiful Bella, record 2:28. Two much can

Reel 2 13 1/4 and several others. May Hall, in the hands of Mr. Bowerman this season and he says that she will take a record better than 2:03. He also has two others, San Mateo, in his stable that are good ones, one a three year old that he says is a better horse than General Waits was at this time last season. He has entered in the futurities and Mr. Bowerman expects him to make a great showing this season.

Mr. Bowerman also has in his stable a daughter of Alfred G., Sister Colese 2:09 1/4, that he says will take a record of 2:05 this season. Bear in mind that Mr. Bowerman brought out General Waits' futurity winner 1907, and Champion three year old, record 1:06 1/4 and Shal appears futurity winner and Champion three year old pacer for 1907, quite an honor for one season.

From the present outlook the future is very bright for San Mateo and his get. And further more with his breeding he has great individuality to back. He is an exceedingly handsome fellow, beautiful bay, wavy points, good mane and tail, large brown eyes, clean, shapely, long head, tapering muzzle, full wide nostrils, graceful arched neck, well placed and set just right, strong, full chest, very deep through lungs and heart, bark short and strong, round well back to hip barrel, handsomely turned, good and deep at flank, quarters smooth set, very muscular, legs strong, clean, flat bone, short cannoning arm, giving strength with plenty of action, hind legs good and strong, splendid feet. He is a large horse, approaching 16 hands and weighing when fat 1300 pounds, but he is so symmetrical and evenly turned, you would hardly judge him to be so large.

More than his ability to sire extreme and early speed is the fact of

sales occurring amidst and on the heels of great financial depression. The sales of colts and aged horses numbering four to five hundred at each sale, averaged considerably over \$3000 to the horse. And from demand for the American harness horse is growing rapidly, Russia becoming much interested in our trotters, also Austria and Australia.

Quite recently Mr. Vandemite shipped 85 harness horses to England to be used for coaching, where they will be pitted against the English coach teams, and there is no doubt that our horses will make good and demonstrate to the world that there is no breed of horses that compare with the American trotter for style, speed, power and endurance. Therefore instead of lower prices will be higher.

Now all have an opportunity to breed this fine type of horse, you will only show your appreciation for having such aids brought to your country, by patronizing them, but will soon fill the country with first class road horses that the market will come seeking which will be a boon to your country and a source of much wealth.

The country here, has now some good horses. A few years since Mr. Tyler brought to Oakwood, Alfred G., a magnificent trotting horse has and is putting a lot of the best colts here that this country has ever had, and they compare favorably with those of any section. They are of fine size, good style, game and strong, the most intelligent and kindest horses bred.

Alfred G. is still at home as game and looking as handsome as a four year old, and will be pleased to renew his acquaintance with his many friends and admirers.

Oakwood has another trotter, Dr.

What will appear very interesting to many people here is the article taken from a New York daily paper, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache or kidney or bladder derangement, in the following simple prescription, if taken before the stage of Bright's disease.

Fluid Extract Dandelion, one-half ounce. Compound Kargon, one ounce. Compound Syrup Sarsaparilla, one ounce. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known druggist here at home, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy, or the mixture would be put up if asked to do so. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, he could see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the kidney structure, cleansing these most important organs and helping them to filter and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those of our readers who suffer can make no mistake in giving it a trial.

hardly be said of this great mare, as she has produced a great family of trotters through herself, sons and daughters, the being the dam of 11 with fast records, including Hinder Rose, that held the world's yearling record and two year record 2:19, the best for her day. Unfortunately, she was killed before she was three years.

Adell, that now holds the yearling record 2:23 and is a coming young sire, having quite a number to his credit, Bow Bella 2:18 and good sire and other sires' chums, Electric Bella and several more. Her sons up to about two years ago had sired 200 trotters and 74 pacers with fast records. Her daughters had produced 9 trotters and 1 pacer and several sires, showing the ability of all her progeny to perpetuate their greatness.

Dick Bryant Dead.

Richard Bryant, better known to his friends in Hickman and vicinity as "Dick," died at his home in "olia, Ark., last Thursday night, at the age of 44 years.

Mr. Bryant was born in Graves county, Ky., Jan. 26, 1853. He was married Feb. 15, 1899, to Miss Lillie Reddick, and to this union were born three children—one boy, age 3, and two girls, ages 7 and 9. He was graduated from Draughn's Business College at Nashville in 1903 and at the time of his death was manager of the Frisco Railway office at Osceola.

The remains were brought to Hickman Saturday and buried in the city cemetery Sunday afternoon. Short funeral services were conducted at the grave by Rev. J. W. Waters.

Besides his wife and children, he is survived by a mother and two brothers, J. K. Bryant, of Dorena, and Cull Bryant, of East Prairie, Mo., and one sister, Mrs. Joe Polhamus, also of Dorena.

As a man, Dick Bryant was straightforward and honest in his dealings with his fellowman and his loss will be felt by all who daily came in contact with him.

The Courier extends sympathy to the bereaved family.

Benton Sells Restaurant.

T. F. Benton has disposed of his restaurant, selling it Friday to Robt. Manor, who has been conducting a lunch business in the building west of the Hickman Bank.

Benton's restaurant was really another name for the K. K.

Mr. Manor will continue the business at the old stand.

Gin a Sure Thing.

Enough stock has already been subscribed to assure the building of another cotton gin at Hickman. Over \$6,000 worth of \$100 shares have been sold to our farmers and business men, and no difficulty will be had in disposing of the remaining \$4,000 worth of stock—\$10,000 being the company's capitalization.

F. H. Lightfoot, of Somerville, Tenn., one of the promoters, spent Saturday here in the interest of this new industry. With the exception of this gentleman, the stock in this company will be owned by men of Hickman and the immediate vicinity.

Mr. Lightfoot is a practical gin and compress man, having been in the business all his life, and he says that the stock company plan will naturally be a great inducement to the cotton growers of this vicinity to increase their acreage and create more interest in the production of this staple. Also, that competition will necessarily follow thus giving the local market a distinct tendency towards better prices. The same may also be applied to the corn market, as this company will handle that product.

At any rate, the proposition has sufficient funds now available to assure the venture. The stockholders will probably meet next week, elect officers and get the business on its feet.

C. A. Wilson, of near town, found a half cent piece in his garden last week, which is certainly a rare coin. It is copper and is about the size of a twenty-five cent piece. The coin was minted by the U. S. and bears the date of 1838. One thing certain, in 1838 the people of this country was not as stingy as they are now. At that time a one cent piece must have been as large as our half dollars of today.

G. G. Wade and wife, of Memphis, have been spending a few days in Hickman, the guests of S. L. Dadds and family. Mr. Wade is vice president of the Sunflower Lumber Co., of Clarksdale, Miss., and S. L. is secretary and treasurer—both hustlers and good business men. Mr. Wade was once a resident of Hickman, and thanks our growth of the past few years is something remarkable.

H. F. Taylor, three of Fulton's busy business men, were here on business Monday. No, they were not attending the Republican convention.

Miss Dora Smith went to New Madrid on the Georgia Lee, Tuesday afternoon.

Confessed to Horse Stealing.

Chief McNutt returned Saturday morning from Hickman, but did not bring his prisoners, Jim Thomas and Will Evans back with him. Although they were charged with horse stealing committed in this county, they were arrested in Fulton county on the same offense, but a different act. The officials of that county refused to give them up, and they are now in the Hickman jail.

Thomas and Evans, it appears, stole a horse and buggy at Fulton while they were dodging officers of this county on a similar charge.

They waived examination at Hickman and were held to the grand jury under \$500 bond each.

Chief McNutt says that they confessed to stealing Bob James' mare and L. D. Jones' buggy, and also the one in Fulton. They cannot be brought to Mayfield for trial until Fulton county gets through with them.—Mayfield Messenger.

FOR SALE: Thoroughbred Buff Wyandotte chickens, and eggs for hatching.—Mrs. S. L. Royster Route 4. 37-1c.

FOR SALE: One No. 1 Monarch Stump Puller.—B. G. Hale.

JOHN (Beauchamp Jack.)

John is a very large Jack, 16 1-4 hands high, standard measure, six years old, fine breeder and sure. After first breeding to this Jack, and seeing his colts, we decided to purchase him regardless of cost for our own use—however we will be able to take care of choice outside mares.

TERMS:—Ten dollars cash in advance, however, if mare is kept in brooders hands, and no colt, money will be returned, next spring.

VETO

VETO is a black Saddle Stallion, 15 1/2 hands high, "bloody" built, fine fox trotter and goes several good gaits. All his colts make saddlers. Veto is a grandson of Cowgill's Veto and from a Canadian mare, which gives him saddle qualities and endurance.

TERMS:—Ten dollars cash in advance. Money refunded if mare should not be in foal. "Swappers" barred.

If you wish to breed to either, please be prepared to meet the above terms and do not ask us to deviate from them. Take receipt on printed contract and have O. K. by S. L. Dadds. This stock will be at Dadds East Farm, 2 miles east of Hickman.
